The National Standard Team will present the Draft Requirement Statement (DRS) for the Steering Team's concurrence during our July meeting in Lincoln. This presentation will be Tuesday, July 26, 1994 from 1:00 - 2:00 p.m.

Enclosed for your information and review is a copy of this DRS. The National Standard Team is currently working with the staff at Ft. Collins in preparing a functional breakdown of tasks to be accomplished.

I personally feel the Team has done a nice job of preparing this DRS for a very complex component of NASIS.
